

What is "Dignified Angels"?

Dignified Angels is a separate program where a Donor (person/family who has means and wants to help) can donate goods to a Donee (person/family in need that has been verified) directly so you know that your donation is not only helping but you know where it's going. Or you can donate directly to What Do You Got – US and we will find a Donee for your donation to go to. Unlike your everyday thrift/second hand stores where a person in need is forced to buy these items at prices they still may not be able to afford.

What are the rules, guidelines, and approved items for donation?

Here is the link to this question.

How can a Donee receive items?

Mailable or Not Local Item(s) - Item(s), that can fit in the largest USPS Priority Flat Rate Box (Less than 70 pounds, Large Box: 12.25" x 12" x 8.5) and can be mailed, but can not be picked up, brought to a neutral location, or delivered to the donee.

Process: Donated items are uploaded to the Dignified Angels Marketplace, link to the Marketplace will be provided after the Donee application has been approved. The Donee selects the items they are looking to receive, submits an order, and WDYG will put the items in a USPS Priority Flat Rate Box and mail the items to the Donee.

Not Mailable or Local Item(s) - Item(s) that do not fit in the largest USPS Priority Flat Rate Box (Over than 70 pounds, Large Box: 12.25" x 12" x 8.5), can be picked up, brought to a neutral location, or delivered to the donee.

Not Mailable Item(s) Process: Donations will be uploaded to the WDYD Discord Server (this process is open to all Active Members of the Server), by the region where the donor lives. Items for donation will be uploaded to their prospective category and marked with a number. If a member is interested in an item, the member will submit a ticket with the number of the item they are looking to receive. Click on the channel labeled "Interested in Item" under your assigned Region, Click the Button "Interested in Item for Donation", answer all questions, and click submit. An Admin or Moderator of the server will see the request, reach out to the donor, and will work with both parties on receipt of the item. This is a First Come First Serve process. The posting of each item will include an Item Number, the City and State, and the type of delivery options the donor is comfortable with (pick up, meet-up, or delivery).

Requested Item(s) Process: This process is reserved for Approved Donees only who join the server and given an invisible role in Discord. The Approved Donee role will grant the members access to submit requests for specific items from donors in their area in the Discord Server. The requests are uploaded anonymously by a WDYG admin or moderator and can be seen by everyone in that region. If a member sees the request and wants to donate to the Donee, they will submit a ticket to WDYG Admin or Moderators, and the Admin or Moderator will facilitate the transaction between both parties.

How do I get assigned the Donee Role in Discord?

If you have applied to be a Donee and received an email notification you have been approved, go to the channel below labeled "donee role request" and submit a request for the role. Once we have verified you have been approved, you will receive the role.

If you have not applied, please see the question below - "How do I become an Approved Donee?"

How can someone access the store front (shippable items)?

Become an Approved Donee. All approved Donees will receive an email with the link to the Dignified Angels Marketplace at the time of notification of approval.

Do I have to be an approved donor or donee, to trade or receive donations through discord?

Trading items - Any member of the server can trade with another member of the server.

Receive Donations - Any member of the server can receive the items that are too large to mail, but to receive specific requested donations made through the server, the member must be an Approved Donee.
